

Let's Go Batty – Survey Results

You do not need any special equipment or experience. You just need to spend an hour after sunset to see bats emerging from their roosts to feed on insects.

Date						
Time of day						
Location						
Number of bats seen	<i>Noctule Bat</i>	<i>Common Pipistrelle Bat</i>	<i>Daubenton's Bat</i>	<i>The Whiskered Bat</i>	<i>The Brown Long Eared Bat</i>	<i>Unidentified</i>
